

THE HAMLIN HERALD

TWENTY-SEVENTH YEAR

HAMLIN, JONES COUNTY, TEXAS, FRIDAY, JUNE 7, 1935.

NUMBER 32.

Measure Rainfall By Acre-Foot Not In Inches

Somebody prayed for rain. We got it, and are still getting it. If it don't let up prayers will soon be going up for a dry spell.

Just to keep the "record" Friday, May 31, was the climax of rains in many sections of West Texas. Heavy rains began falling in the Fisher County area and practically all night it spread out toward the east and as a result streams were higher than in years and in many cases than ever before.

Double Mountain Brazos River got on a rampage and tore out the big steel bridge between Hamlin and Aspermont. The new bridge under construction is having trouble also with too much water. It will be a long time before that bridge is finished.

The Clear Fork of the Brazos, south of Hamlin, went wild. Perhaps was higher than ever before.

Thousands of dollars worth of crops and stock was lost in the flood. The homes in the low lands were damaged and near deaths from drowning was reported all along. Many head of cattle were caught, and wheat fields in full bloom were wiped away.

So many fields, creeks, and lakes have filled and over flowed till it is not appropriate to say so many inches fell. It is better to estimate in acre feet.

Frequent recurring showers and in many localities down-pours and water spouts have damaged young crops and re-planting is all the go when it dries up a bit. Cotton is going to be unusually late, but grain is simply fine, what there is of it. In a few days there will be plenty of oats and rye. This season has been especially good for gardens. Green vegetables are getting plentiful wherever garden attempts were made.

HAMLIN SCOUTS IN ANNUAL CAMPOREE

Early Wednesday, Scoutmaster L. E. Griffin, left Hamlin with a fine bunch of Hamlin Boy Scouts for their annual Camporee at Camp Tonkawa, south of Abilene.

Their program was to arrive at the camp on Wednesday, erect their tents, and register, and the two days of camping really started Thursday morning.

Tuesday the two service clubs of Hamlin, the Rotarians and Lions met in joint luncheon at the Model Hotel, and the chief guest was Scout Executive Ed Shumway, of Abilene, of the Chisholm Trail, who gave an outline of what the Scouts would do at their Camporee this week.

The Hamlin Lions Club are sponsoring the Scout movement here now. But they are anxious for every organization and every person who will, to become interested in the boys.

The Camp Tonkawa Annual Camporee is a fore-runner of the big National Jamboree to be held in Washington on August 21 to 30.

The troop here numbers 21 members and 18 of them went to Tonkawa Camp.

Their names are Scouts Griffin, Freedman, Freedman, Tims, Fowler, Humphries, Wilson, Reynolds, Reynolds, Prater, Steed, Steed, Durham, Locke, Smith, Hudson, and Taylor. In round numbers there are expected 400 or 500 boys to attend Camp Tonkawa this week.

The big program of the week at Camp Tonkawa, was on Thursday night. Guests from Hamlin and nearly every town in the seven counties that make up the Chisholm Trail Council was represented.

SOME ONE SHOULD GO TO THE WASHINGTON JAMBOREE

Tuesday Mr. Shumway went into details as to why and how communities should see to it that one or more boys should go to the big Washington Jamboree. It certainly would be a trip worth even a whole year of schooling to the boys who get to go. But there are standards to be met, and costs to be defrayed, including going and returning and eating and sleeping while in Washington.

There are FOUR requirements the boy must meet: He must be a First Class Scout, He must have had at least a years service, he must have had ten days camping experience, and he must attend a local temporary

Jamboree Training Camp. It is thought that about 40 boys will go from the Chisholm Area. They will be under special leaders and the care and protection of the boys will be as good and careful as if at home. They will travel by railroad on a special train having sleeping and dining cars. The cost is estimated at around \$100 which includes everything including the ten days in Washington. In Washington the 35,000 boys from all over the world will parade 8 abreast, two rows down some important street, between which will pass the president, his cabinet, foreign ambassadors, dignitaries, and perhaps many governors and congressmen. The President will try to greet each boy with a handshake. Many historical trips will be made around Washington, and every boy, including the Chinese, the Hungarian, the Turk and all will see and carry away impressions that only Washington can convey.

HERE'S WHAT THE ARMY OF BOYS WILL REQUIRE

Here are some of the pertinent facts about what the Boy Scout Jamboree is going to mean to Washington and what is required to take care of them:

- 31,416 Scouts and 2,856 troop officers,
- 300 cooks and helpers
- 100 Telephone instruments—switchboards,
- 250 tons of food daily and supplies,
- 1,000,000 gallons of water each day,
- 5 miles of water line,
- 3000 faucets and shower heads,
- 60 batteries of showers with 35 heads each,
- 20,000 lineal feet of sewage disposal lines,
- 100,000 meals served daily,
- 70,000 quarts of garbage to be disposed of daily,
- 30 post offices,
- 30 field first-aid stations,
- 30 kitchens, feeding 1,260 people each,
- 15,000 pounds of meat for one meal,
- 30,000 quarts of milk for one day,
- 4,000 pounds of butter for one day,
- 1,200 gallons any canned vegetable per meal, such as tomatoes, corn, succotash or string beans,
- 70,000 eggs for one breakfast,
- 100,000 flapjacks for one breakfast,
- 5,250 dining tables,
- 9,400 yards of table oilcloth,
- And 1000 refrigerating units.

HAMLIN GETS EVEN WITH STAMFORD

In one of the hottest contested games witnessed this season Hamlin defeated the Stamford club on their home grounds by a score of 3 to 2, last Sunday.

Two of the most interesting plays happened when Collins doubled in Stamford's fifth time at bat and was called out when he allowed McKeever's grounder to short to strike him on the foot as he was trying to make third. The second play was by Duck Weaver, Hamlin's right fielder, throwing the ball from right field to first base cutting off Bartlett after he had hit through second and first for what seemed to be a sure single, making the second out for Stamford in the last half of the ninth. Hallum's two stops on 3rd were sensational.

HAMLIN VS. SEYMOUR

HERE SUNDAY, JUNE 9

IMPORTANT MEET FORMEN AT LUEDERS

George J. Mason, State Secretary, of Dallas, is to be the principal speaker at a Dad's meeting of the Baptist Brotherhood of the Seventeenth District, to be held at the Lueders Encampment Grounds on the evening of June the 13th. More than 175 representatives from the different Baptist Churches of this section attended a recent meeting at the University Baptist Church of Abilene.

There will be many boys present at the Lueders Encampment and a large crowd is expected to attend this gathering. L. H. Welch, of Breckenridge, President, is urging the dads and lay of our different churches to make their plans now to attend this special meeting.

Oscar Maples made an ambulance trip to DeQueen, Arkansas, Sunday and Monday to convey a patient to Abilene. He reports streams all over everything in the Idabelle, Oklahoma, country.

WATCH LOST — REWARD

A ladies' white gold wrist watch was lost in Hamlin about two weeks ago. Owner is anxious to find watch and will pay suitable reward. Finder please bring to Herald office.

CURTAINS LEFT AT BANK

Someone left a bundle at the F. & M. Bank, Window Curtains. Come get them if you can identify them, 25c pays for this notice.

F. & M. BANK.

SPECIAL SPEAKER

As a part of the entertainment features of the regular meeting next Monday night of the Hamlin Masonic Lodge, Dr. R. N. Richardson of Simmons University, head of the History Department, will be present for a historical address.

Oil Wells Keep Coming Regardless of Rain and Mud

Drilling activity keeps at a steady gait in the Hamlin Oil Field.

Last week drilling contractor, P. J. O'Donnell, brought in another well on the Pardue farm. It is the Mid-Continent-Pardue No. 3. It is a good well, perhaps equal to any in the field. The acid test of 1000 gallons was administered and swabbing brought 62 barrels per hour. The acid was placed on Thursday and swabbing started Saturday. This well is now on the pumps and it is estimated a producer better than a potential of 600 barrels per day. It's proration will cut that figure way down.

A rig is up for the Mid-Continent Pardue No. 4 and drilling will soon start. This will make three wells still going down on the Pardue lease.

Across the road north of the Pardue well, that Contractor Ed Bury brought in a few weeks ago is another well, the Southern Oil Corporation-Williams No. 1. It is now down about 600 feet. This should be a good well, if we may judge from the wells just south on the Pardue farm.

There is drilling a well on the T. Diamond Ranch, about two or three miles north of the Haught well, that is attracting considerable attention. It is the Barnsdale-Julia Young, No. 1, down now about 2500 feet. Perhaps this well will mean quite an extension in the river area, bringing into play territory that may

well be classed as wild-cat.

Herring's new well ought to be ready to come in by the end of this week. He has a nice string of wells, just east of the Hitson School and, plenty of land already proven for many more.

Some people seem to be puzzled over why the Hamlin oil field has not created a lot of excitement. One reason is, because about the time the discovery well on the Stephens Ranch came in, oil began to fall in price, and further because there has been so much unsettled regulation of production — again most all the territory from Hamlin west was leased by the larger companies, and when a well comes in it just means "another well." It means that the crew of operating drillers soon start another, and gradually the fields spread. The oil production has meant to the land owner a nice income from his royalty, the wells mean quite a nice pay roll for men in the oil industry, and most all of them live in Hamlin or near the fields. Oil pipe lines convey most of the oil from the fields, yet the Katy road has quite a lot to haul from the rack in the Steele field, every little thing means a bigger pay roll.

After a few years the spell of "that first well" wears off and then if a well come in nearly every week, it is only a routine part of the filed.

CHURCH OF CHRIST IN MEETING

Since last Sunday the congregation of the Church of Christ have enjoyed some good preaching. The Evangelist, Chester Estes, of Winfield, Ala., is in charge with Mr. Ervin Driskill of San Antonio, leading the singing.

Services in the day are held at 12:10 to 1:00 P. M. and at night they begin at 8:15.

Good audiences have greeted the minister each hour since the meeting began. The rains and mud have hindered but little, and since the weather has cleared up many new faces are seen at every service.

This meeting will continue through Sunday.

HOME LAUNDRY

After two weeks absence, we are at home, ready to do your laundry. We use rain water for washing. Let us do your work.

MRS. S. M. FALKNER. (p)

John Teague, who has been working for the Ford Plant in Nashville, Tennessee, returned to Hamlin Sunday to spend the summer with his parents, Mr. and Mrs. W. B. Teague.

LEE NORRIS HOME BURNED TUESDAY

Tuesday morning about 2:10 neighbors of the H. L. Norris residence on Union Avenue were aroused by the bright flames from the Norris building.

By the time the fire department got to the fire the building was burning all over.

No one had occupied the house for several weeks, but several had entered the building to inspect it for renting so the origin of the fire can not be determined.

The Norris home was one of the earliest built in Hamlin. It was a six room house and was at one time among the best homes in Hamlin.

All business men everywhere insure their property, why not insure your wheat and oats and play safe. If you do not have the money now, see me and we may be able to work out an agreement for you to pay later.

H. O. CASSLE,
Over F. & M. Bank,
Hamlin, Texas.

I have some nice young milk cows for sale or trade for other cattle.

H. O. CASSLE.

SUNDAY WAS A BIG DAY AT M. E. CHURCH

Sunday, June 2, was perhaps the biggest day the Hamlin Methodist Church ever experienced. It was a day of rejoicing and there was ample grounds.

It was "dedication day." It meant that the church and all its financial obligations were free of debt. It meant that after years of "try" they have a beautiful new structure all their own, valued at \$40,000.

Bishop Hiram A. Boaz, of Dallas, who is regarded as a Jones County "boy" but of long and distinguished standing as a minister and Bishop, was present to preach the dedication sermon.

Besides Bishop Boaz, the Rev. Homer Vanderpool, of Santa Anna, was there in his closing day of a weeks revival. Other former pastors of the Hamlin Church were present as visitors.

Rev. Hugh A. Longino, the present pastor, had worked hard to have such a day a reality and Sunday nothing was overlooked that would add to the pleasure and happiness of the day. Among the special features was an old-fashioned basket luncheon, where each family brought their basket and left it in the basement, where others unpacked and distributed on tables while the worship hour was in progress. Why not rejoice. The congregation had overcome droughts, deaths, removals, fires, depressions, and that day was the climax of success.

Mr. and Mrs. Ross Compton and little son, Ross Davis, of Denton, were visitors with Mr. and Mrs. W. T. Cherry from Monday to Wednesday, while on their way to California. Mr. Compton is one of the teachers in the Denton Teachers' College. Mrs. Compton is a sister of Mrs. Cherry.

THE SUPREME COURT ACTS

Last week the United States Supreme Court gave the Roosevelt Administration its severest blow, when it rendered a decision that the N. R. A. was unconstitutional and at the same time that the Frasier-Lemke Bill, which provided a stay of farm mortgages was also unconstitutional.

Let's not ridicule the Administration or Congress for their acts. Let's be more appreciative at the same time that we have a "constitution that says how far Congress may go."

As far as the NRA is concerned, but few people ever thought it was constitutional but were willing to join in its ideals for a possible recovery of the country. The NRA had in it or has in it some ideals worthy of any people, but there are so many things in it so impractical that nowhere and at no time could it ever work as a success toward that ideal.

The Code Idea, was a kind of quasi government, in a shell around the

main government, permitting the majority of dealers or firms in a group to come together in a kind of racket, formulate certain rules and regulations and those of the group who were not in accord became the law-breaker, the bootlegger, and finally the ones who the United States was called upon to chastise. That was a silly attempt to control. It was in the first place very "unAmerican" and certainly was unconstitutional.

We believe in a stern federal control of many things. The lack of it was what got us into such a depression. The NRA experience will perhaps open the way for something that is constitutional, and after all will be worth its trying. And let's keep in mind that our original constitution was fixed so it could be amended and it's not a crime to try to amend it. When the constitution ceases to meet our modern life then it is time to amend it or change it or anything else in our government. Government is sacred in so far as the elements in its make up serve to make the masses of people prosper-

ous and happy. But sometimes it's not the machinery that causes wrecks, it's the operators. We do not mean to imply that we are wrecked, far from that, but it does look like somebody away back yonder, "operating" did not see where they were going.

It's big money or holding powers that fret under control. It's the big holder who squeals when some act of congress or a legislature tries to push him back into line. It is the fellow who has too much and wants more whom Mr. Roosevelt is hurting, and who are kicking. It is the fellow who wants it all to come his way at little or no expense, whether the "other man" gets anything or nothing, who is howling. It is the fellow who claims he had made a success who says, "to hell with the fellow who has nothing." The NRA was a kind of "soft" way of control. There is a human way and we believe that Mr. Roosevelt is trying to find that way. It may be true that the constitution may need to be amended, if so, why hesitate? The constitution is an instrument of service, not one to enslave.

Now to the fellow who kicks about "control" let's turn everything back like it was in the 150 years before 1932. Let's raise all the wheat, cotton, hogs, calves, rice, tobacco, that is possible with all the modern machinery, using old time long hours, and let's bring in all the kiddies and "sweat" them into stuffy factories or let them toil 15 months in the year in the cotton fields and the tobacco patches. Then to hold our exports, let's pile up the stuff on the wharves at any old price, just to hold our foreign market—wonder who would do the squealing then? Cotton at 4 or 5c—wheat at 38c, and other things in proportion. Under such a condition we still would have hungry peo-

"WE HAVE IT" . . . for homes, for farms, for towns and cities, for industries.

ELECTRIC POWER!

West Texas is abundantly supplied with power resources. The West Texas Utilities Company's 2,600 miles of transmission lines are linked with modern, strategically located generating stations, bringing power to you wherever it is needed.

"Let's Have Cheap Power!"
We Have That, Too.

Power is a commodity which grows cheaper the more it is used. The power from this company's lines, available every hour in the day or night for a variety of uses, can be purchased cheaper than it can be manufactured by the individual city, or the individual industry, farm or homes.

"Let's Have Abundant Power, for a More Abundant Life."
We Have That in West Texas, Too.

You may recall, many years ago, when some neighbor was able to boast of his electric lights through cords hanging from the ceiling. Light was expensive then, only the well-to-do could buy this service. Today, everybody uses electric service, for the electric dollar buys now an abundant amount, about three times as much electric service as it did before the World War. Electric service is delivered to you now so cheap that its daily cost can be counted in pennies.

The area served by the West Texas Utilities Company has ample power facilities to meet the demands of this growing and progressive "Land of Opportunity," West Texas.

ple, because if a bushel of corn was to be had for a dime and the hungry family did not have the "dime" how could they eat? A few days ago Mr. Roosevelt said, "we have all we need," but not all we want."

A British statesman said that the only way the United States could beat the Depression was to spend twice or three times per month as we are now spending. We think the Britisher is wrong, however, we did spend four times, during our peak war days, what we are spending today per month, and not a cent was expected back—today too many regret spending unless it all is paid back. Who paid back the money spent for burned explosives during the war? We won, didn't we?

RAIL ROAD WEEK
BEGINS NEXT WEEK

We have all heard of Fire Prevention Week, Heath Week, and many other kinds of weeks, but now come to a new kind of week. It is to be "Rail Road Week."

The purpose of "Rail Road Week" is to stimulate the public mind to the realization that the rail roads are a vital factor in the economics of this nation. Rail Road Week is sponsored by the Western Rail Roads about which there has been plenty of advertising in the larger papers and the thousands of magazine publications. But few small weeklies have received any attention from the Western Rail Roads in their campaign of publicity.

The local feeling towards the rail roads of the community is reflected in the proclamation of Mayor Culbertson.

MAYOR'S PROCLAMATION

WHEREAS this city has been served for many years by the Railroads, and

WHEREAS these railroads have long played a vital part in the lives of our people, and

WHEREAS these railroads have paid and continue to pay, large amounts in taxes, and

WHEREAS these railroads have furnished employment for many, and

WHEREAS these railroads have joined with other Western Railroads in, first, reducing basic fares and sleeping car charges, and, second, in air-conditioning all principal passenger trains, and

WHEREAS this has meant lowered cost and improved travel service to the traveling public, and

WHEREAS the Governors of Western States have asked that the public pay honor to Western Railroads for their continued pioneering.

NOW, THEREFORE, I, JOE CULBERTSON, Mayor of the City of Hamlin, ask our citizens to join in the observances of "Railroad Week" for Monday, June 10 to Saturday, June 15.

JOE CULBERTSON,
Mayor, City of Hamlin.

The Herald could say quite a great deal on the rail road subject, meaning as we see it now and we have seen their situation for more than fifteen years. Perhaps next we shall "editorialize" on that subject.

My Favorite Recipes

Frances Lee Barton says:

DON'T you love the markets in early summer—when the stalls are a mass of tender green?

Mother Earth's horn of plenty is turned topsy-turvy to make our dinner tables rich with health and goodness. And don't forget the strawberries—baskets full of big, luscious berries are cheap enough for anybody's plate—or short cake—at this season of the year. Remember that your men folk adore strawberry short cake—made this way—light and fluffy and topped with whipped, sweet cream.

Individual Shortcakes
3 cups sifted cake flour; 3 teaspoons double-acting baking powder; 1 teaspoon salt; 1/2 cup butter or other shortening; 1/4 cup milk; 2 quarts crushed, sweetened fruit.

Sift flour once, measure; add baking powder and salt, and sift again. Cut in shortening; add milk all at once and stir carefully until all flour is dampened. Then stir vigorously until mixture forms a soft dough and follows spoon around bowl. Turn out immediately on slightly floured board and knead 30 seconds. Roll 1/4 inch thick and cut with floured 3-inch biscuit cutter. Place half of circles on ungreased baking sheet; brush with melted butter. Place remaining circles on top and butter tops well. Bake in hot oven (450° F.) 15 to 20 minutes. Separate halves of hot biscuits, spread bottom halves with soft butter and some of crushed fruit. Place other halves on top, crust-side down. Spread with butter and remaining fruit. Garnish with whipped cream and additional pieces of fruit. Serves 8.

A SPONSOR FOR COWBOY REUNION

Hamlin has been invited to send a sponsor to the Sixth Annual Texas Cowboy Reunion to be held in Stamford July 2, 3, and 4. One hundred towns and cities of West Texas are expected to send girl riders to represent them at the Reunion this year, according to a letter received here from H. G. Andrews, chairman of the committee in charge of that feature of the reunion.

Mrs. J. S. Inzer represented this city at the Reunion last year, competing for prizes, riding in the parade and taking part in the various social activities with which the sponsors were honored. Sixty-five cities and towns sent sponsors last year.

A handsome, special-made saddle, similar to the one awarded Mrs. Ardeth Copeland, of Blackell, Nolan County, winner of first prize last year, will be presented to the girl taking first place in the judging this year. The saddle is being made by Frank Mitz of Dallas, an artist in leather working. It has a padded seat, quilted with silk thread of different colors and is hand stamped. The saddle will be contributed by the Salesmanship Club of Dallas. Second prize will be a pair of boots, given by the Bryant-Link Co. of Stamford; third prize, pair of spurs offered by Nocona Boot Company, Nocona, Texas; and fourth prize, pair of bits, contributed by W. R. Boone, Lubbock.

In the awarding of prizes, the appearance, horsemanship and riding apparel of the girl, and the appearance, performance and equipment of the mount will be considered by the judges. The judging will take place at the rodeo arena of the Reunion grounds of the mornings of the first and second days of the celebration. Winners of prizes in past years will be eligible for awards at the 1935 Reunion.

Sponsors are required to furnish their own mounts and equipment, in C. I. A.

but grooms and forage will be provided by the Reunion.

The girls will ride in the parade to be held during the Reunion, and will be guests at a round of social affairs in their honor, including dances, teas and receptions.

Mrs. L. M. Hardy of Stamford, has been selected as hostess to the sponsors, Miss Clara Mae Jones, daughter of Mr. and Mrs. E. D. Jones of this city has been chosen as Stamford's sponsor.

McCAULEY NEWS

The farmers are wondering if they ever will get a crop up and growing. Many had finished planting when the heavy rain came Friday night and what little crop was up, the sand almost got it.

The Seniors from McCauley High School closed out the school term of 1934-1935, with the Commencement Exercises. Dr. C. Q. Smith, President of McMurry College delivered the commencement address. Miss Melba Hendrickson was valedictorian and Miss Lillie Akins the salutatorian. The diplomas were presented by Supt. D. L. Smith to Misses Melba Hendrickson, Lillie and Lillian Akins, June Parker, Bernice Hendon, and Messrs. Norman Clark, Raymond Tanner, Blair Berry, Marney Mason, Jr.

The Baptist Church elected Mr. A. A. Calloway, D. L. Smith an Ernest Webb, to be ordained as deacons. The service will be held at the church Sunday afternoon, June 9. Accept this announcement as an invitation and come to this service.

Miss Mary Ellen Jackson will be at home this summer. She has been attending Simmons University.

Several young people from the Methodist Church are attending the Methodist Young People's Assembly at McMurry College from June 3rd to 7th, 1935.

Miss Doris Pope returned home Saturday from Denton where she had completed her junior years work in C. I. A.

RELIEF ALLOWANCE

CUT DEEPLY

AUSTIN, June 1.—Radically reduced allotments for the relief population of Texas are in prospect for the month of June, it has been announced by Adam R. Johnson, state relief administrator.

Federal authorities notified Johnson that the state will receive \$2,500,000 for general relief, although application was made for more than \$4,000,000. Budgets, therefore, were made up on the basis of a state caseload of 210,000. Although the caseload has dropped steadily since January 1, Washington officials have repeatedly expressed dissatisfaction with the number of families on relief in Texas.

"According, our per case grants will be reduced from \$17 in May to about \$10 in June," Johnson said, "and our total relief disbursement from \$5,612,000 in May to \$3,391,000 in June."

"Although at first sight this may appear to be dreadfully severe, we expect thousands of cases to quit the relief rolls in June for employment on farms where they can make more than the \$10 we are able to give them. Farmers everywhere are calling for labor to help them cultivate their crops and we feel that in case of the employable families there should not be any suffering because of this reduced grant."

June funds will be spent by the counties for the purposes described in the following budget:

General relief, \$2,125,342; hospitalization, \$8,963; rural subsistence, \$725,063; capital goods, \$532,154.

To meet these obligations, the Texas Relief Commission will receive \$2,500,000 from the federal government and \$400,000 of state funds for general relief. Other grants for the special program of rural rehabilitation, student aid and emergency education are expected to be received from federal sources during the month.

It is too late to keep quiet after you have spoken.

LONG DISTANCE TELEPHONE

RATES SLIGHTLY CHANGED

Reduced long distance telephone rates on night "station-to-station" calls, for years available only between 8:30 p. m. and 4:30 a. m., hereafter will be in effect between 7:00 p. m. and 4:30 a. m., an hour and half earlier. This advance in the time for the cheapest long distance service was announced by the Southwestern Bell Telephone Company, today.

Tariff revisions for this change on interstate calls were filed voluntarily a month ago with the Federal Communications Commission and became effective today. Reductions apply when the day rate is more than thirty-five cents. "Person-to-person" calls are not affected by the

change.

A new reduced rate not offered heretofore is also effective today on transatlantic telephone service. Between 5:00 p. m. and 5:00 a. m. calls will cost \$9.00 less than formerly. Release from the Sweetwater office. By J. C. PINSON.

PEACHES

Plenty ripe Wheeler, and other fine quality peaches for sale at my orchard, south of Boyd Chapel, 2 miles. Wheelers \$1 per bushel, others at 75c, at the orchard.

GEORGE BRISTOW. (p)

Dan T. Ezell and wife, from Phoenix, Arizona, visited Mrs. W. H. Gilbert and other relatives this week. Also Mrs. D. V. Pope, of Knox City, visited in the home of Mrs. W. H. Gilbert Thursday.

PLANTING COTTON SEED

FOR SALE

Just received a car of Kash Pedigreed SEED last season. These seed grown on one Williamson County black land farm. Ginned Pure. These are fine seed and I have them ready for delivery in three bushel sacks at \$4.00 per sack. L. W. EZELL.

Mrs. R. A. Blanton and granddaughter, Miss Era Bridges, spent the week-end visiting Mr. and Mrs. W. B. Teague of Wise Chapel community.

Mr. and Mrs. G. A. Beane returned last Friday from Ardmore, Okla., where they had been to attend the funeral of Mr. Beane's father, C. H. Beane, who died at his home near Ardmore. He was 82 years of age.

WHEN LIVES ARE AT STAKE

You need the same protection that race drivers demand

KELLY PETILLO ON MAY 30, WON the 500-Mile Indianapolis Race on Firestone Tires, breaking the track record and driving the entire distance at a rate of 106.24 miles per hour.

This record is an outstanding demonstration of tire efficiency. To go 500 miles in less than five hours on this rough and bumpy 26-year-old brick track, without tire trouble of any kind, demonstrates the strength and blowout protection that Firestone builds into their Gum-Dipped Tires.

AB JENKINS ALSO RECENTLY demonstrated the stamina, efficiency, and

blowout protection built into Firestone Gum-Dipped Tires. He drove his 5000 pound car over the hot salt beds at Lake Bonneville, Utah, 3000 miles in 23 1/2 hours. This was an average speed of 127.2 miles per hour, and although temperatures were as high as 120°, he had no blowouts or tire trouble of any kind.

These records are made possible by special construction features built into Firestone Tires.

Take no chances—protect your life and the lives of others by letting us equip your car with Firestone Tires and give you the Safety and Blowout Protection that race drivers demand.

Before you buy new tires ask yourself these three questions

- 1—"Will the tread give me the greatest traction and protection against skidding?"
- 2—"Are they built to give me the greatest blowout protection?"
- 3—"Without sacrificing these two important safety features will they give me longer mileage, thus making them the most economical tires I can buy?"

ANSWER No. 1—Leading university tests show Firestone High Speed Tires stop your car 15% quicker than the best of all popular makes of tires.

ANSWER No. 2—Unequaled performance records for sixteen consecutive years prove that Gum-Dipping gives you the greatest blowout protection ever known.

ANSWER No. 3—Thousands of car owners report unequalled mileage records—evidence of the longer wear and greater economy of Firestone High Speed Tires.

Volume—Direct Purchasing—Straight Line Manufacturing and Efficient and Economical System of Distributing to our 500 Stores and to 30,000 Dealers, enables Firestone to give you greater values at lowest prices

HIGH SPEED TYPE
We select from our enormous stocks of raw materials the best and highest grade rubber and cotton for the High Speed Tire. In our factory we select the most experienced and skilled tire makers to build this tire. It is accurately balanced and rigidly inspected and we know it is as perfect as human ingenuity can make it.

Items of Interest To Fisher Co. Women

AS REPORTED TO AND BY MISS EVELYN JENNINGS,
FISHER CO. HOME DEM. AGENT

CO-OPERATORS IN THE HOBBS CLUB BUSY

MRS. BOB WILLIAMS, a co-operator in the Hobbs Home Demonstration Club reports that she has completed the following items: Curtains for two rooms, chair cushions out of cretonne, curtained a dresser and table with cretonne, and added two new spreads for the bed. It would seem that Mrs. Williams has been kept quite busy at the above tasks.

MRS. HOSIE GRAHAM says she has completed the following items: Three print dresses, 2 sheets, 2 pair pillow cases, 4 cup towels, 6 suits of underwear, 2 slips and one gown; she has also utilized sugar sacks in useful garments.

MRS. ARCHIE WILLINGHAM has renovated an old coat and made a new one from it. One dress for self, 4 dresses and bloomers for girl, 2 slips and bloomers for child, 2 short coats for child from a pair of wool trousers, 5 pairs of overalls for child, 1 small slip and 4 blouses. It is indeed an art to be able to take clothing that has been used and make almost completely new garments from them.

MRS. GRADY WILLIAMS has re-ticked one pair pillows, made 4 print dresses, six dresses with bloomers to match for little girl, 4 pairs of pajamas from some old material, 3 shirts for a boy, one from old material and 2 from new material, one wool suit from an old coat and vest, 6 cup towels, one wool coat from an old woolen dress, one chair cushion stuffed with chicken feathers, 1 blouse, 1 dress, 2 sheets, 3 small sheets for single bed out of old sheets. These co-operators are to be complimented on the splendid manner in which they have co-operated with the club.

Ted Russell spent the past week-end in Ruidoso, New Mexico, visiting his family and sister, Mrs. Cleve Dunn. He reports the mountains wet and cold.

JONES CO. CLUB NEWS

RELIEF CANNERY TO RE-OPEN JUNE 7, 1935

The Jones County Relief Cannery will re-open Friday, June 7, for the vegetable canning season.

The toll on vegetables is 60 per cent; the relief office retaining 60 cans and the producer each receiving 40 cans or every hundred cans of his produce. The Relief Commission furnishes cans, labor, equipment, and seasoning (except sugar and shortening.) The City of Anson and the County pay running expenses and rent on the building in which the Cannery is housed. The producer furnishes only the vegetables. These should be brought in fresh from the garden. All preparation such as washing and shelling the peas, beans, etc., is done by budgetary workers after the product is delivered to the Cannery.

After Friday morning, June 1st, all persons wishing to book vegetables should inquire at the Relief Office in Anson. There the proper forms will be filled out and the producer will be told just what day to bring the product to the Cannery.

All producers are urged to use the Cannery.

COUNTY 4-H BEDROOM CONTEST CLOSED

Mildred Fields, 4-H bedroom demonstrator of the Neinda 4-H Club was awarded first place in the County Bedroom contest and will receive a trip to the Farmer's Short Course, College Station, as a reward.

Rosie Lee Taylor, Hollis Hill 4-H Club won second and Juanita Major, New Hope 4-H Club, won third.

These demonstration rooms were judged on: Sanitation, lighting, interior finish, furnishings, storage for clothing, general appearance and suitability to needs of particular girl. A perfect score would have been 1000 points. The rooms were judged early in the year; then after being improved, judged a second time by

the same judge. The scores of the girls entering this contest were:

| | 1st score | 2nd score |
|-----------------------|--------------|--------------|
| Neinda— | | |
| Mildred Fields | 283 | 929 |
| Hollis Hill— | | |
| Rosalie Taylor | 110 | 749 |
| New Hope— | | |
| Juanita Major | 675 | |
| Swan Chapel— | | |
| Estha Harrell | 320 | 744 |
| Noodle— | | |
| Lucille Justic | 432 | 647 |
| Hawley, Vermell Baker | 203 | |
| Avoca, Vada Buske | 233 | |

ENJOYS HER BEDROOM NOW

"It would be a hard task for me to say just what I like best about my room," said Juanita Major, New Hope 4-H bedroom demonstrator of 2 1/2 months. "Though I am proud of my new closet which is 3 by 6 feet and built to the ceiling, I still say my bed would be hard to beat, especially since I have my mattress cover and pad."

"My Room is now complete and it means so much to me. The most pleasure I get from it is, it only cost me \$5.07," Jaunita continued.

SUCCESSFUL ON THIRD TRIAL

When asked if she had a foundation pattern, Mrs. J. M. Sloan, co-operator in the Noodle H. D. Club, said, "No, I have had 2 made and neither of them fit I just don't want a foundation pattern." Before the afternoon was over the demonstrator in that club had made the third pattern for Mrs. Sloan.

"And this time it really is a fit. This is the first really good fitting sleeve I ever had," said Mrs. Sloan.

Nervous, Weak Woman Soon All Right

"I had regular shaking spells from nervousness," writes Mrs. Cora Sanders, of Paragould, Ark. "I was all run-down and cramped at my time until I would have to go to bed. After my first bottle of Cardui, I was better. I kept taking Cardui and soon I was all right. The shaking quit and I did not cramp. I felt worlds better. I gave Cardui to my daughter who was in about the same condition and she was soon all right."

CARDUI

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

Thad Harden is at home for the summer after finishing his second year of work at A. & M. College at Bryan.

Robert Johnson, a student in Texas University, is at home to spend the summer with his parents, Mr. and Mrs. W. P. Johnson.

\$1.00 pays for the Herald 1 year.

Mr. and Mrs. Buford Dean left Sunday for Hot Springs, Ark., on their vacation. They were accompanied as far as Greenville by Mr. and Mrs. Paul Cain, who went to Alba, Texas, to spend their vacation with Paul's parents.

Money buys only the cheaper things.

Mrs. W. H. Gilbert has as her guest this week, her brother-in-law, Mr. Harley Holt and his brother, Claud Holt, from Athens, Alabama.

Miss Della Bryson returned this week from Mary Hardin-Baylor at Belton, where she completed her Sophomore work.

Insure your grain and play safe.

HAMLIN — TEXAS

HAMLIN LIONS CLUB

VS. ANSON LIONS CLUB

The Hamlin Lions Club will play the Anson Lions Club Friday afternoon at the City Park at 6:00 P. M. in a thrilling game of play ground base ball. An admission charge of 10 cents will be charged.

Last Friday afternoon the Anson Club defeated the Hamlin Club 14 to 12 at Anson. This game is real entertainment for both the players and the spectators, and you will enjoy it very much. Hamlin Lions are out to win this game.

D. Mallonee and wife of Wichita Falls, came last week and have enjoyed a nice visit here with Mr. and Mrs. R. E. McCormie.

John I. Teague, who has been working in a Ford assembly plant in Memphis, Tenn., arrived home Sunday. He says the other fellow can live in the those swamps, but for him he will take "high-up Texas." He had rather be a sand-lapper than a water-dog.

Miss Judy Walsh, of Hartshorn, Oklahoma, is a summer guest of Mrs. M. Y. Wilson. She accompanied Mrs. Wilson from Hartshorn last week.

Mrs. G. R. Bennett, Miss Edwina Gilbert, Marvin York, Jr., and J. C. Turner, Jr., left last Monday for Detroit and Flint, Michigan. They went by bus and will purchase a new car at Flint, returning on an Eastern and Southern route. Miss Gilbert will visit an aunt, Mrs. W. C. Parker while in Detroit.

Mrs. Lydia McGuire, of Stamford, returned to her home Monday after a two weeks' visit with her nephew, W. B. Teague.

Mrs. F. P. Anderson left last Saturday for Artesia, New Mexico, to spend a part of her vacation.

Golf is like a love affair: If you don't take it seriously, it's no fun; if you do take it seriously, it breaks your heart.

W. W. Collier, Jr. is at home from Hardin-Simmons University, where he has been a student for the past year.

Richard Feagan returned Friday from Houston where he has been a student in Rice Institute.

My Favorite Recipes

Frances Lee Barton says:

LET your fancy turn to this on a warm day: Lime, or lemon-flavored gelatin, in which crushed pineapple has been mixed, molded together with cream cheese. Isn't that a dish fit for a king—or the children's lunch? It's a good idea to start a summer meal with some light, hot dish. Then for a finishing touch you can pay tribute to the hot weather by serving this cool, nourishing, Cottage Cheese Salad.

Cottage Cheese Salad
1 package lemon or lime-flavored gelatin; 1 cup warm water; 1 cup canned pineapple juice and water; 1 cup canned crushed pineapple; 1 cup cottage cheese; 1/4 teaspoon salt; dash of cayenne; strips of red or green pepper.

Dissolve gelatin in warm water. Add pineapple juice and water. Chill. Combine pineapple, cheese, salt, and cayenne. When gelatin is slightly thickened, fold in pineapple mixture. Decorate mold with strips of red or green pepper. Turn gelatin mixture into it. Chill until firm. Unmold on crisp lettuce. Garnish with mayonnaise. Serve.

DON'T SCRATCH! Get Paracide Ointment, the guaranteed Itch Remedy. Guaranteed to relieve any form of Itch or Itching Piles within 48 hours or Money Refunded. **WAGGONERS DRUG STORE,** (29-4p).

For Bad Feeling Due to Constipation

Get rid of constipation by taking Black-Draught as soon as you notice that bowel activity has slowed up or you begin to feel sluggish. Thousands prefer Black-Draught for the refreshing relief it has brought them. Mrs. Ray Mullins, of Lafa, Ark., writes: "My husband and I both take Thorford's Black-Draught and find it splendid for constipation, biliousness, and the disagreeable, aching, tired feeling that comes from this condition." With reference to Syrup of Black-Draught, which this mother gives her children, she says: "They like the taste and it gave such good results."

BLACK-DRAUGHT

Hints for Home Canning

The modern
easy way

Since this is canning time, it is the ideal time to discover the labor- and money-saving efficiency of the 1935 gas ranges.

These new gas ranges offer the utmost in flexibility—from full flame for rapid boiling in jelly-making, to a very low flame (or simmer burner) for proper cooking of preserves and jams. For oven canning, oven heat control assures just the right temperature... improved insulation makes possible more cooking on the same amount of gas and helps to keep kitchen cool.

This month your gas company is featuring special displays of these new ranges and offering them on the easiest kind of terms. See them and learn how you can modernize that kitchen for little money.

Happy In Refrigerator

In their icy quarters with private swimming pool, a dozen Antarctic penguins are ready to give a chilly greeting to President Roosevelt as Admiral Byrd and his ship come home.

PREENING their feathers and splashing merrily in their private swimming pool, more than a dozen Antarctic penguins last week prepared to receive a greeting from President Roosevelt as Admiral Byrd's supply ship steamed up the Potomac to Washington.

Their greeting was necessarily a chilly one for their room and bath aboard the vessel were specially refrigerated to keep them comfortably cold during the long voyage from Little America.

The birds are Imperial penguins, and are half as tall as a man. They are the first of the Antarctic breed ever brought back alive to the United States. So cold are the temperatures in which they thrive that the ship's regular refrigerator room could not be depended upon to keep them healthfully chilly.

heat while the ship was in the tropics.

Quarters for the penguins were installed aboard the ship in New Zealand before it started for Little America last January to pick up the expedition. A tank was built in the floor and the most efficient type of refrigerating equipment installed to keep both the air and salt water at low temperatures. To keep out heat, particularly in the tropics, walls, ceiling and floor were insulated with dry-zero, a high efficiency material developed for use in household electric refrigerators. Oddly enough, this material, depended upon to keep the penguins cold and alive, was also used to keep Admiral Byrd warm and alive in the hut he occupied during his solitary antarctic vigil last year. It was also used in all the houses at Little America.

Whether the penguins must be kept permanently under refrigeration remains to be discovered. Other varieties live in the tropics. In fact, the vessel stopped at the Gallapagos and picked up a collection of the smaller penguins that thrive there. It is this type that are now seen at zoos and aquariums.

- Trade-in allowance!
- Extra allowance on Ranges other than Gas!
- Small down payment!
- Easy monthly terms!

HAMLIN CHAPTER

INSTALLS OFFICERS

Hamlin Chapter No. 460 O. E. S. met in a special meeting May 31, 1935, for installation of new officers for the year. Mrs. Nettie Hackley, Past Worthy Matron of the Chapter, was the Installing officer and Mrs. Susie Mae Gilbert, Marshal.

The new officers for the year are: Flora Belle Clements, Worthy Matron, Ira Clements, Patron, Nannie Mae Elmore, Associate Matron, George Bender, Associate Patron, Susie Mae Gilbert, Secretary, Ella Bryan, Treasurer, Flora Mae Griffin, Conductress, Lou Ferguson, Associate Conductress, Margie Ebert, Chaplin, Reba Ferguson, Marshal, Annie Marie Denton, Organist, Clara Bury, Adah, Nettie Hackley, Ruth, Mae Belle Larue, Esther, Willie Bender, Martha, Maude Chastain, Electa, Bessie Mae Owen, Warder and Mary Freeman, Sentinel. A social hour was enjoyed after the installation.

—REPORTER.

MRS. CALHOUN

UTOPIAN HOSTESS

Mrs. W. R. Calhoun was hostess to the Utopian Club in her home in Plasterco, Wednesday afternoon.

Vases of red roses decorated the living room where three tables were appointed for contract. Mrs. J. F. Taylor won the high score for club members and Mrs. Metta Haines scored high for guests.

A salad course was served to Mmes. J. T. Bynum, Turner Bynum, H. O. Cassle, C. G. Green, D. D. Harden, J. E. Moody, F. B. Moore, J. F. Taylor, Alford Harden, Joe Culbertson, Metta Haines and Mrs. Holly Toler, of Austin.

MERRY MATRONS MEET

WITH MRS. WILSON

The Merry Matrons Club played in the home of Mrs. Milton Wilson on Jackson Avenue, Wednesday afternoon. Substitute hands were

played by Mrs. Mac Brundage, Miss Janie Mae Johnson and Miss Annie Laurie Johnson. High scores were made by Mrs. Prater for the club and by Mrs. Brundage for the guests.

Following the games ice cream and cake was served. Members playing were Mmes. R. H. McCurdy, A. E. Pardue, John T. Day, John Ed Day, W. F. Johnson, J. W. Ezell, J. B. Eakin and C. C. Prater.

MRS. ALFORD HARDEN

ENTERTAINS CLUB

Mrs. Alford Harden entertained the Colonial Contract Club, Tuesday afternoon in her home on Park Street. The usual three tables of contract were in play with Mrs. Mac Brundage winning high score for the club and Mrs. D. D. Harden for guests.

A sandwich plate with iced tea was passed to Mmes. Turner Bynum, A. D. Ensey, Mac Brundage, Paul Fowler, Bob Low, J. E. Moody, Tom Williams, Frank Waggoner, Elmer Feagan, Clinton Barrow, Charles Jones and D. D. Harden.

BRIDGE PARTY COMPLIMENTS

MRS. ROLAND

Complimenting her sister-in-law, Mrs. O. D. Roland, of Port Arthur, Mrs. Henry Albritton entertained Friday afternoon with bridge in the home of her mother-in-law, Mrs. W. A. Albritton, on Central Avenue.

Roses and larkspur in a pretty arrangement adorned the entertaining rooms and blended with the pastel color note which was chosen for appointments and which appeared in the attractive refreshment plate. Tallies were tiny flower filled baskets and the same motif appeared on the score markers.

Receiving with the hostess was the honoree and her friend, Mrs. Nathan Waldrop, of Abilene. Others in the house party were Mrs. G. R. Bennett, Mrs. W. S. Pike, Jr., Mrs. W. L. Boyd, Mrs. W. A. Albritton and Miss Margaret Boyd of Sweetwater. Mrs. John Ed Day won the high

score award, and the high cut prize a beautiful vase of red radiance roses was presented to the honoree along with the guest prize, a pair of silk hose.

Following the games an ice course was served.

The guest list included Mmes. Milton Wilson, B. L. Jones, A. E. Pardue, Q. Martin, C. C. Prater, Bowen Pope, Bill Rountree, Maurice Smith, Frank Waggoner, R. B. Wiar, Frank Williams, Lowell Ballew, Clinton Barrow, Newman Bender, B. M. Brundage, J. E. Bury, H. O. Cassle, J. C. Culbertson, Joe Culbertson, John Ed Day, J. W. Ezell, C. C. Jones, O. L. Henry, W. F. Johnson, W. M. Braymer, George W. Gray, of Sweetwater, J. H. Bridener, of Baltimore, Md., J. F. Taylor, J. E. Moody, A. D. Ensey, Dick Moore, R. H. McCurdy, R. W. McCurdy, Alford Harden and Misses Marie Pope, Janie Mae Johnson and Annie Laurie Johnson.

ATTORNEY FRANK TAYLOR

MARRIED IN DALLAS

Announcements have been received in Hamlin that Mr. Frank Taylor, of Fort Worth, formerly of Hamlin, son of Dr. and Mrs. J. F. Taylor of this city, was united in marriage on June the first to Miss Mildred Mitchell. A clipping from the Dallas News of Sunday says that the ceremony was at the home of Dr. William M. Anderson, pastor of the First Presbyterian Church of Dallas. The bride is a daughter of Mr. and Mrs. Alex Mitchell of Lancaster, Texas, and was a teacher in the Dallas schools. Mr. Taylor is assistant federal district attorney, located at Fort Worth. Mr. and Mrs. Taylor are at home, 4519 Byers Avenue, Ft. Worth.

Mr. and Mrs. Tolly Toler and daughter, Suzanne, of Austin, are the guests of her parents, Dr. and Mrs. A. E. Pardue. They were accompanied here by Mrs. Arche Pardue, who had been visiting her parents in Austin.

Mr. and Mrs. Newman Bender left Wednesday for San Bernardino California, where he will have employment with the Santa Fe railroad.

WISE CHAPEL ITEMS

We are almost washed away. All the farmers are wanting to see some pretty weather now.

Mrs. E. A. Isbill is visiting in Hico this week.

Misses Lola and Allie Pearl Proffitt and Mr. Sam King, of Hamlin, spent Sunday with Mr. and Mrs. A. P. Proffitt and family and Grandpa Proffitt.

Mr. and Mrs. W. A. Norris and daughter, of Sylvester, are visiting Mrs. Norris' parents, Mr. and Mrs. O. L. Jenkins and family.

Mr. and Mrs. W. L. Fletcher, Sr., are the happy parents of a nine-pound boy, born Tuesday night.

Etsel and J. E. McCoy and John Calvin Jenkins spent the week-end in Lubbock.

Annie Drake and sisters and Miss Viola Smith, of Aspermont, spent Sunday with Mr. and Mrs. I. E. Smith of Aspermont.

Mr. and Mrs. V. L. Proffitt and two sons of Hamlin, Mrs. Ancil Proffitt and daughter of Dovie, Mr. and Mrs. Willie Heath spent Sunday with Mr. and Mrs. Earl Proffitt.

G. W. Meek visited his mother in Tahoka this week.

THE MOST BEAUTIFUL REFRIGERATOR YOU CAN OWN

is the only one that gives you

ALL 5 FAMOUS ADVANTAGES

1935 Air-Cooled
ELECTROLUX

ANOTHER STEP AHEAD
THIS TIME IN BEAUTY

Only

ELECTROLUX OWNERS CAN ENJOY ALL THESE BIG ADVANTAGES

Low operating cost
Permanent Silence
No moving parts to wear
Long Life
Savings that pay for it

DON'T miss the pleasure of owning the best-looking refrigerator of them all! And don't miss the five big advantages listed at the left!

Because of its simpler, more efficient operating principle, Electrolux costs very little to run. It's permanently silent, too. Electrolux has no moving parts to cause noise or become noisy. No moving parts, either, to wear. Electrolux actually pays for itself with its big savings.

See the beautiful new Electrolux models on display at our show-rooms. Come in today.

ELECTROLUX IS ENDORSED BY THE GREAT AMERICAN GAS INDUSTRY

We are agents for the Natural Gas and the Kerosene Electrolux Refrigerators.

Churches and Church Activities

HAMLIN MISSION MEETING PUT OFF

On account of the revival at the Church of Christ at this time, we will not begin our revival services until the 19th. Rev. Albert Davis will be with us to do the preaching and we are looking forward for a great revival.

We extend a cordial invitation to every one to make our mission your home during this campaign.
DR. L. P. McCRARY.

3:40 P. M. Reading—Elzy Bennett
3:45 P. M. Closing Address—Mrs. J. L. Anthony.
Everybody invited to attend.

METHODIST CHURCH

Now that the church has been dedicated and the people revived, by the Spirit of God, through last week's messages by Rev. Homer Vanderpool, there is an open road ahead for progress. The congregation of the Hamlin Methodist Church has a way of doing things up nicely.

At the dedication service Sunday there was a fine audience present to hear Bishop H. A. Boaz's good message. Just before the church was dedicated, J. E. Moody, Chairman of the Board of Stewards, came to the front and presented a check covering the salary in full. All outstanding bills are taken care of up to date. It should be easy now to keep the church in the clear and assure ourselves that God will bless the people who manifest their love for Him.

Appreciation of the fine work done by Rev. Homer Vanderpool during the revival services seems to be spreading. Many have assured me

that they were not only highly pleased with the way in which he brought the messages but that they themselves were refreshed in spirit and more firmly fixed in their faith in God. It is putting it very mildly when I say that Sunday was a day long to be remembered by this congregation. As pastor, I deeply appreciate the loyalty of those making possible this great occasion.

We will appreciate your presence at each of the services Sunday. Now is the time to hold the high level that we have attained. Your spirit of rejoicing and congenial fellowship will prove invaluable to the church during the summer months. May we not move on, and on, to greater victories.

All services held at the usual hours Sunday.
H. A. LONGINO, Pastor.

Miss Ruby Thompson, a teacher in the Hamlin High School, is in Austin taking special work in the State University.

FORMER HAMLIN WOMAN

NOTED AS RUG MAKER

Mrs. G. A. Palmer, of Liberty community, has sent hooked hand made rugs to Porto Rico, Alabama, New Mexico, College Station, Lubbock, Amarillo and Dallas, to show other localities how Home Demonstration Club Members in Hale County make rugs from old materials. As a result of these exhibits Mrs. Palmer has sold 8 rugs and has three on hand now.

The above clipping is from the Community weekly at Hale Center, Texas.

The biggest thief is the one who steals while you look at him.

JONES COUNTY LIBRARY PROPOSED

About four years ago a plan was perfected in Anson by Miss Johnny Colbert by which a "Vacation Library" was established for the benefit of those who did not have access to good literature. Through the co-operation of the schools and of individual citizens in the community, books and magazines were secured and made available to those persons interested in reading. The library, intended primarily to serve children, soon became popular with grown-ups as well. This "Vacation Library, which is available only during the summer months, has grown in size and popularity until it now serves not only the Anson public, but the surrounding communities as well.

In view of the success of this movement, Miss Colbert and others are now advocating a County Library which will be available during the entire year to all Jones County citizens.

The club house now occupied by the Tuesday Study Club and by the D. A. R. Chapter of Anson, has been offered by these two organizations to house a permanent County Library. This property was formerly the home of Judge and Mrs. C. C. Ferrell and was donated to the above named organizations by Mrs. Ferrell's brother and sister, Judge Freeman and Mrs. Jones.

A publicity committee has been named for this proposed enterprise. The committee members are Mrs. Fleet W. Poe, of Neinda; Mrs. E. L. Key, of Plainview; Mrs. E. S. Johnson, of Hannah; Mrs. M. E. Hudson, of Anson; and Mrs. John Edwards, and Miss Colbert, of Anson.

Further information concerning the County Library proposition will appear from time to time, in the County Press.

NEINDA NEWS

Yep, looks like we're going to have some more rain.

Mr. John Max Alexander and Miss Mildred Tollison motored over from Abilene Wednesday night to see the play.

We wish Mrs. Jack Roberts who is at the Abilene Hospital, a speedy recovery, and hope she is soon back home.
